

EARTHWOOL®

the feel good glasswool insulation

Keeping your home cooler in summer and warmer in winter with insulation that's sustainable and user friendly, has got to feel good.

Enhanced indoor air quality

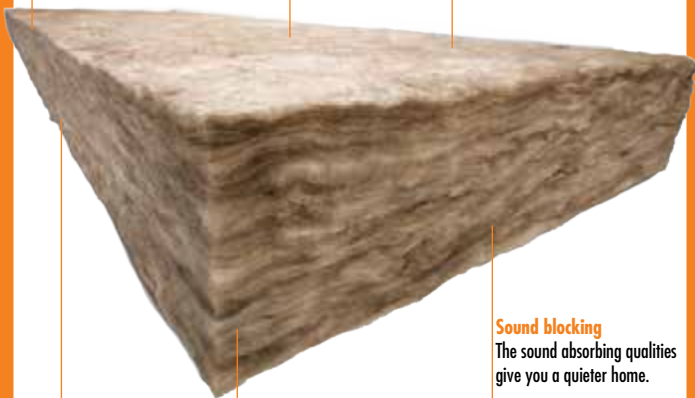

With no added formaldehyde, you'll get high indoor air quality.

Reduced handling

Unique compression packaging means more insulation per pack and more insulation per load.

Less itch

The super soft feel comes from ECOSE® Technology, a revolutionary, patented binder based on rapidly renewable materials.

Fire safe

You'll be glad to know it's completely non-combustible.

Made using recycled glass

Made using recycled glass bottles and sand, it's a great choice for the environmentally conscious.

Sound blocking

The sound absorbing qualities give you a quieter home.
